Address: Sumaré, SP

## About me

Frontend Developer with 3 years of experience in developing modern and scalable interfaces using React, TypeScript, and Next.js. Specialized in componentization, consuming asynchronous REST APIs, and mobile-first development.

Solid knowledge of version control with Git and good agile development practices.

## Knowledge

HTML5, CSS3, TypeScript, JavaScript, React, Angular, TailwindCSS, SASS, Bootstrap, REST API Consumption, Responsive Development, Mobile-First, Git, CI/CD, Jest, Cypress, Componentization, UI/UX, Systems, MySQL, PostgreSQL, MongoDB, Scrum, Kanban

## Work Experience

T10 Pay – Backoffice Analyst Junior (May/2022 - Aug/2024)

- Create automated reports for the card industry by processing data from over 500 daily transactions, reducing analysis time by 40%.
- Managed card delivery control for a corporate client base, maintaining a 98% accuracy rate in value entry validations.
- Provided technical support to over 30 clients monthly, configuring hardware and software with an average call resolution time of less than 24 hours.
- Assisted in the control and support of the card machine sector, documenting technical processes that reduce the onboarding time for new analysts.

## Education

Systems Analysis and Development

FIAP - Faculdade de Informática e Administração Paulista - Feb 2023 - Feb 2025

## Language

Intermediate English for reading, writing, and conversation.
